

# ROAD SMART

## Introducing Road Smart.

A free road safety and education program for all Victorian schools, TAFEs and eligible community organisations.

**The program is designed for Year 10 students and includes:**

(or equivalent, plus eligible young adults outside of school)

**A 60-70 minute**  
interactive in-class session

**eLearning for students**  
and their supervising drivers

**A free driving lesson**

**A Toolkit for teachers**  
with lesson plans aligned to  
Victorian Curriculum.

## How it works

### 1 In-class session

Duration: 60-70 minutes

- **Linked to the Victorian Curriculum via:**
  - a. Health and Physical Education
  - b. Ethical Capability
  - c. Personal and Social Capability
  - d. VCAL Personal Development
- **Highly experienced and engaging facilitators**
- **Can be delivered onsite or online**

### 2 Free driving lesson

Duration: 45 minutes

Students who participate in the in-class session and have a learner permit are eligible for a free driving lesson, to be taken outside of school hours. Supervising drivers are also encouraged to attend to gain valuable coaching skills

Parent/guardian consent is required for the lesson and is easily acquired via a link we send to you.

Road Smart uses an evidence informed approach to classroom learning and road safety training to reduce young people's risk as a road user and support them in their foundational stages of learning to drive.

Our in-class session provides students with a broad understanding of:

- Identifying personal risk and strategies to reduce risk
- Taking a staged approach to learning to drive
- The safe system (safer speeds, vehicles, roads and safer people)
- The importance of vehicle safety for young drivers

## Teacher feedback

*"We participate in Road Smart every year. The content is engaging, and all the facilitators are always friendly and know how to work the room!"*

Goulburn Valley Grammar School,  
May 2022

”

*"The Road Smart messages are incredibly important for this age group who are approaching their L's."*

Wesley College, May 2022

”
