Good morning Bryan,

Thank you for copying me into your reply to 33(1) last week. I apologise for taking a while to respond but I have been run ragged with urgent work for the Melbourne Metro Rail project and the Mernda Police Station.

I wanted to correct one item in your email, namely the engagement of Traffix Group.

I thought that I had made myself clear at our meeting that Traffix Group had been approached by members of the community to undertake an independent review and that this study was being paid for by the Moira Shire Council. That remains the case – my invoices have been made out to the Moira Shire Council.

When do you take up your new position? It must be pretty soon if not already happened. Do you know who will be your replacement – is someone going to be acting Regional Director?

I hope everything works out well and look forward to catching up again in the future.

Regards,

Henry Turnbull

No chance 33(1) Monday is a briefing / Council meeting. Another time with adequate notice would be great.

Thanks for letting me know Mark,

Is it possible to have the Mayor, Gary Cleveland or any other Councillors to come along and meet with the group. There is a time slot from 10:00 am to 11:00 am available for any of them to come.

Cheers

33(1)

Good afternoon Mark,

VicRoads (myself, Nathan Mullane and Cristina Perra) and RMS 33(1) would like to meet with you on Monday 20th June 2016 for about 1:00 hour to discuss the Yarrawonga-Mulwala Bridge.

I would like to offer you a time from 12:00 pm to 1:00 pm, if this is not suitable can you contact 33(1), my Personal Assistant, tomorrow 17 June 2016 either by email : 33(1)@roads.vic.gov.au or on Telephone 33(1) to arrange a time that's more convenient.

The meeting will be at : Club Mulwala
271 Melbourne Road
Mulwala.

Can you please confirm this with 33(1)

Mark

I apologise for the short notice, the discussion on Monday will be along the lines of what we discussed at our recent meeting in Cobram. So there will be nothing new, its just an opportunity to touch base with a number of key stakeholders, Mary-Ann naturally included Moira Shire. I understand that you may not be able to make it.

I am very mindful of recent comments in the media that VicRoads is putting up roadblocks and that we will not meet with people, predominantly from Robert Purtle, but the green route supporters in general this is just an exercise in being open and being available . I thought that it would be unreasonable to leave this up to the new Regional Director, and Monday unexpectedly was freed up in my calendar.

A rep from RMS will be there and we will touch base with Club Mulwala as I suspect that they have not have had all the information about the project properly presented to them.

This is not an exercise in excluding Moira Shire, far from it, as I hope you will understand as I personally met with you just recently on this topic.

I apologise for the rushed nature of putting these discussions together.

I would be more than happy to further discuss this with you or anybody from Council .

Regards

Bryan Sherritt

Thanks Mark

I appreciate your prompt response.

Doug Evans from YMT had a copy of an email i sent to 33(1) so obviously there is a connection there, I do appreciate that Councillors will make their own commitments and I understand that if Council elects to pay Mr Turnbull then thats how it goes.

If I can be of any assistance let me know.

Hi Bryan, I've never met Turnbull or 33(1) have not engaged their firm and if I wanted some info from VicRoads I'd work through your office. The only rider I put on my comments is that if the Council passes a resolution that tells me to pay their bill I'll probably have to.

Mark

I hate to bring this up again, but in the email chain below Henry Turnbull has indicated that his invoices are being paid by Council, which I think is contrary the advice that you provided when we spoke about this matter recently.

I would prefer that VicRoads and Council have a robust working relationship even if we were not in agreement as to the best route for a bridge at Yarrawonga.

An example would be that 33(1) recently FOI-ed VicRoads for documents in relation to the bridge project, my view would be that if Council had asked us for these then we would have given them to you directly, as I always aim to be open and transparent with municipalities and this project is in the Moira Shire.

Not sure how you want to proceed from here but I am happy to chat if you need to.
