

Bay Road, Sandringham

Upcoming works

We're improving safety for school children and pedestrians along Bay Road, as part of the Targeted Road Safety Works Program to deliver shovel-ready infrastructure projects and urgent road safety improvements in Victoria.

What we're doing

To make the road environment safer for pedestrians, cyclists and local school children, we're:

- extending the length and hours of the current school speed zone on Bay Road near Sacred Heart Parish School to include the Bay Road shopping strip
- introducing a safer 40km/h speed limit between Station Street and Nelson Street, from 8am to 8pm daily.
- upgrading existing electronic speed limit signs by connecting them directly to power, so they can operate for longer hours.

Please see the map on the next page.

When to expect us

Works are expected to start on Tuesday 6 July and be completed by the end of July, weather permitting. Crews will be onsite Monday to Friday between 9.30am and 3.30pm.

What impacts can I expect?

During works, drivers can expect the following disruptions:

- one lane at a time will be closed during works
- reduced speed limits in place for the safety of our crews

During the construction period, you may notice the electronic speed limit signs on Bay Road are not operating. Please obey the speed limit displayed on the static signs, while we work to connect power onsite.

If you're travelling through the area, keep an eye out for changed traffic conditions,

plan ahead and allow up to five minutes extra travel time.

Why we're doing this

Infrastructure plays a vital role in keeping you safe on our roads.

By making these safety improvements on Bay Road in Sandringham, we can improve pedestrian safety, prevent serious crashes from happening or reduce the severity of crashes when they're unavoidable.

Bay Road will be made safer thanks to the \$489,000 investment through the joint Australian and Victorian Government Targeted Road Safety Works program.
