

Camberwell Road and Toorak Road, Camberwell

Upcoming works

We're improving safety for pedestrians along the Camberwell shopping strip and school children near Hartwell Primary School - as part of the Targeted Road Safety Works Program to deliver shovel-ready infrastructure projects and urgent road safety improvements in Victoria.

What we're doing

To make the road environment safer for pedestrians and local school children, we will be introducing a new safer speed of 40km/h between 7am and 8pm on:

- Camberwell Road between Collings Street and Toorak Road.
- Toorak Road between Ruskin Road and Yeovil Road.

Please see the map on the next page.

We will also be installing eight new electronic speed limit signs to ensure the speed change is clearly visible to motorists.

Critical infrastructure projects will continue during current COVID restrictions. This includes safety and maintenance works on roads and public transport, and road safety projects that maintain critical safe operations on the road network.

To ensure the safety of all workers and the community, all construction and maintenance work undertaken will operate under a COVIDSafe plan.

When to expect us

Signage installation works are expected to start on Monday 13 September and be completed by mid- October, weather permitting.

Crews will be working on weekdays (Monday to Friday) between 9.30am to 3.30pm.

What impacts can I expect?

During works, drivers can expect the following disruptions:

- one lane at a time will be closed during works.
- reduced speed limits in place for the safety of our crews.

During the construction period, you may notice the electronic speed limit signs we've installed on Camberwell Road and Toorak Road are not operating.

Please obey the speed limit displayed on the static signs, while we work to connect power onsite.

Why we're doing this

Infrastructure plays a vital role in keeping you safe on our roads.

These improvements will help make the roads safer for pedestrians along the shopping strip, and for school children at the nearby Hartwell Primary School.

Camberwell Road and Toorak Road will be made safer thanks to the \$471,000 investment through the joint Australian and Victorian Government Targeted Road Safety Works program.
