

### Point Nepean Road, Rye

#### Upcoming works

We're improving safety for pedestrians through the Rye township, as part of the Targeted Road Safety Works Program to deliver shovel-ready infrastructure projects and urgent road safety improvements in Victoria.

#### What we're doing

To make the road environment safer for pedestrians, cyclists and motorists, we're:

- introducing a new safer speed of 40km/h on Point Nepean Road between Weeroona Road and Dundas Street
- installing eight new electronic speed limit signs to help ensure the speed change is clearly visible to motorists.

Please see the map on the next page.

Flashing electronic speed limit signs will remind drivers to slow down to 40km/h and look out for pedestrians as they approach the new speed zone.

#### When to expect us

Signage installation works are expected to start on Monday 9 August and be completed by mid- September, weather permitting.

Crews will be onsite weekdays (Monday to Friday) between 9.30am to 3.30pm.

#### What impacts can I expect?

During works, drivers can expect the following disruptions:

- one lane at a time will be closed during works
- reduced speed limits in place for the safety of our crews

During the construction period, you may notice the electronic speed limit signs we've installed on Point Nepean Road are not operating. Please obey the speed limit displayed on the static signs, while we work to connect power onsite.

#### Why we're doing this

Infrastructure plays a vital role in keeping you safe on our roads.

By installing new safety features on Point Nepean Road in Rye, we can improve pedestrian safety, prevent serious crashes from happening or reduce the severity of crashes when they're unavoidable.

Point Nepean Road will be made safer thanks to the \$471,000 investment through the joint Australian and Victorian Government Targeted Road Safety Works program.
