

Code of Practice AS5100 Part 1

1. Scope and application

BTN021 AS5100 Part 1 states VicRoads' general requirements for the design of bridges in addition to those stated in AS5100.1.

VicRoads' requirements for certain aspects of Part 1 are stated in individual Bridge Technical Notes.

Bridge Technical Notes are a Code of Practice. Compliance with Bridge Technical Notes is mandatory.

Bridge Technical Note 015 is to be read in conjunction with the following:

- The Victorian Occupational Health and Safety Act 2004

Other than as stated in this document and relevant VicRoads standard specifications, the provisions of AS5100:2017 shall apply. Where this document differs from AS5100:2017, its requirements override those of AS5100:2017.

2. Additional requirements

2.1. Cl. 9 Safety in design

Designs shall be subject to a Safety in Design assessment in accordance with s28 of the Victorian Occupational Health and Safety Act (2004) and the associated Regulations.
