Application for transfer of registration

What is a transfer of registration?

A transfer of registration is a change of the registered operator1 of a registered vehicle. VicRoads records the identification details of each vehicle and the current registered operator of the vehicle.

VicRoads’ vehicle register is not a register of title (vehicle ownership).

Do I need to use this form?

Yes: To buy or sell a vehicle with number plates attached and current registration1.

No: To buy or sell a vehicle without number plates and/or with cancelled registration, do not use this form. For further information please visit vicroads.vic.gov.au

Buyer instructions

You need to provide complete and accurate information so the registration can be transferred successfully. Otherwise, the registration will not be transferred and may be suspended.

How do I check the vehicle details?

☐ Confirm the seller has the right to transfer the vehicle (ask the seller for evidence, eg. a certificate of registration) and their identity.

☐ Confirm registration status is current (not suspended or cancelled).
  - Check these details online at vicroads.vic.gov.au with the registration number or Vehicle Identification Number (VIN)10.

☐ Confirm that the vehicle is not reported stolen, not recorded written-off and is free from encumbrances (eg. liens, warrants or sanctions issued by the Director, Fines Victoria eg. money owing).
  - Check these details by contacting the Personal Property Security Register (PPSR) online at ppsr.gov.au or call 1300 007 777 (1300 00PPSR).

☐ If the registration is close to expiry, a renewal notice may have already been issued to the seller. After the transfer is processed successfully, a new one should be sent to you by mail.

How do I complete the transfer?

☐ Ask the seller if the vehicle is recorded on the Victorian or an interstate written-off vehicles register. If it is, they must disclose this to you in writing (see Vehicle details section on form).

☐ Ensure number plates are attached to the vehicle. If you buy a vehicle with custom or personalised number plates attached and current registration2, rights relating to the use of the number plates will pass to you.

☐ Check the VIN10 or chassis number matches the registration certificate.

☐ Ask the seller for a certificate of registration (RCW)2. The registration number on the RCW must match the number plates on the vehicle.

☐ Ask the seller for a written receipt as proof of purchase and ownership (see overleaf). Penalties may apply if a person under declares the market value.

☐ Record the market value2 and calculate the motor vehicle duty (see how to calculate overleaf). Penalties may apply if a person under declares the market value.

☐ If you do not possess a Victorian driver licence/learner permit or are not an established VicRoads client, you must present original evidence of identity documents along with this application at a VicRoads Customer Service Centre.

☐ Complete the Buyer3 details, Transfer details and Payment sections, check the Vehicle details section and sign this form with the seller.

☐ Give one copy to the seller and keep the other for your own records.

☐ Submit the original transfer form with relevant documents and applicable payment (see overleaf) to VicRoads within 14 days of sale. You may need to pay a penalty or additional fees if this is late or not submitted.

OR: If you buy from an LMCT you will need to complete the form provided by them, and pay your transfer fee and applicable motor vehicle duty to the LMCT who is required to forward this to VicRoads on your behalf.

Buyer instructions continued overleaf

Seller instructions

You need to provide complete and accurate information so the registration can be transferred successfully. Otherwise, you may be liable for any traffic offences that the buyer (new registered operator) may incur.

What do I need to do?

☐ Tell the buyer if your vehicle is recorded on the Victorian or an interstate written-off vehicles register. You must disclose this to the buyer in writing (by answering Yes or No to this question in the Vehicle details section and provide any other details to the buyer).

☐ Ensure your vehicle registration is still current (not suspended or cancelled), check online at vicroads.vic.gov.au

☐ Check that you are not subject to any sanctions imposed by the Director, Fines Victoria in relation to the transfer of this vehicle.

☐ Do I need to get a Certificate of Roadworthiness (RWC)?

In most cases, yes. Give the buyer a RWC issued in Victoria no more than 30 days before the date of sale11. The registration number on the RWC must match the number plates on the vehicle.

You do not need to provide a RWC if you transfer:

- to your spouse or domestic partner
- a caravan or light trailer under 4.5 tonnes GVM
- a recreational motorcycle
- to a Licensed Motor Car Trader (LMCT) for re-sale, demo or provision to a secondary educational institution for driver education purposes
- certain types of vehicles that are not designed primarily for carrying passengers or goods (eg. tractor, forklift, mobile plant)

For other exemptions please check VicRoads’ website.

☐ Write a receipt for the buyer as proof of purchase and ownership and include the registration number, VIN or chassis number and buyer and seller name. (This transfer form cannot be used as a register of title).

☐ Complete the Seller3 details and Vehicle details sections and sign this form with the buyer.

OR: If you sell to an LMCT, you will need to complete the form provided by them.

☐ Give the original transfer form to the buyer to submit to VicRoads.

☐ Keep one of the copies as a record of the application for transfer and date of sale.

How do I transfer with custom or personalised plates?

If you sell your vehicle with custom or personalised number plates attached and current registration3, rights relating to the use of the number plates will pass to the buyer.

If you want to keep the rights to your custom or personalised number plates for future use, you need to tell VicRoads and get new number plates for your vehicle before you transfer the registration.

Definitions

1. Registered operator – an individual or corporation who owns or manages a vehicle and has the right to register it. To register a vehicle the individual must be at least 17 years for a light vehicle, 17 years and 9 months for a motorcycle, and 18 years for a heavy vehicle. There can only be one registered operator per vehicle (no joint registration).

2. Current registration – registration expires at midnight of the registration expiry date. VicRoads will cancel the registration if it is not renewed within three months after expiry. The registration can still be transferred during this three month period, but the vehicle must not be driven until registration is renewed. If the vehicle does not meet this definition, do not use this form and check VicRoads’ website on buying and selling (not a transfer).

3. Seller – the individual or corporation (current registered operator) who is disposing of the vehicle. It may be sold or given away for free.

4. Buyer – the individual or corporation who is acquiring the vehicle (proposed registered operator). It may be paid for or received as a gift.

5. Surname and given name(s) – must match the name on an individual’s Victorian licence or evidence of identity documents.

6. Company name – the name of a corporation registered with the Australian Securities and Investments Commission (ASIC). For example, ‘Sample Cars Pty Ltd’.

7. Australian Company Number (ACN) – a unique nine digit number issued to a company by Australian Securities and Investments Commission (ASIC).

8. Victorian licence / client number – provide a Victorian driver licence/learner permit number for a licence/learner permit holder or a client number for a corporation. A client number is a unique nine digit number issued by VicRoads to corporations and individuals without a Victorian licence or learner permit. If you are an established VicRoads client, but do not know your client number, please ensure all other details are completed. Individuals who do not have a Victorian driver licence/learner permit number, and individuals or corporations who are not an established VicRoads client, will need to present full evidence of identity documentation with this application at a VicRoads Customer Service Centre.

9. Garage address – where the vehicle will normally be kept (eg, home, office or heavy vehicle depot). VicRoads will only register vehicles garaged in Victoria. If the garage address is (or will be) in another state you must register the vehicle there. If you change any of your details you must notify VicRoads within 14 days.

10. Vehicle Identification Number (VIN) – a unique 17 digit identifier made up of numbers and letters on a vehicle. If there is no VIN (eg on pre 1989 vehicles), provide a chassis number.

11. Certificate of Roadworthiness (RWC) – also known as a Roadworthy Certificate, issued by a Victorian Licensed Vehicle Tester to certify if a vehicle is in roadworthy condition. It is valid for 30 days from the date of issue, unless a defect notice is issued within the period of validity. The seller must give the buyer an original and current RWC to apply for transfer of registration (some exemptions apply, see seller instructions on the previous page).

12. Market value – also known as dutiable value, is the price at which the vehicle might reasonably be sold, free from encumbrances, on the open market; or the purchase price – whichever is greater.

Penalties

The seller (disposer) must inform the buyer in writing if the vehicle is recorded on the Victorian or an interstate written-off vehicles register. Failure to do so may result in a penalty of over $1000. The buyer (acquirer) must complete and sign this application with the seller and submit to VicRoads with relevant documents and pay the applicable motor vehicle duty and transfer fee within 14 days of sale. Failure to do so may result in a penalty of over $500. If the buyer is not a licensed Motor Car Trader (dealer) and acquires a vehicle from a dealer, the buyer must, at the time of acquiring the vehicle, complete an application for transfer of registration form as acquirer, sign it and give it to the dealer; and unless the dealer otherwise agrees, pay to the dealer the applicable motor vehicle duty and transfer fee. Failure to do so may result in a penalty over $1000 (Road Safety (Vehicle) Regulations 2009). A person who under declares the market value is liable to a penalty equal to double the amount of duty underpaid (section 215A). A person who provides false or misleading information in relation to a motor vehicle duty is liable to a penalty equal to the amount underpaid plus interest (section 275D). A person who fails to declare the market value is liable to a penalty equal to double the amount of duty underpaid (section 215A).
